

Relax! This test is not nearly as important as the start of Game of Thrones in nine days!

Each question is worth 2 points except where noted. Good luck!

Match the *most appropriate* term to each concept. Not all terms are used. No term is used twice.

Active diffusion

Gastrovascular cavity

Second Messenger

Cytoplasmic Streaming

Passive diffusion

Multiple choice. Choose the *best* answer. Clearly circle the letter for your answer. Vague or unclear marks will be counted as incorrect.

Circle True or False. Read each statement completely before answering.

1. (4 points) You knew it was coming...Write a *balanced* chemical equation for cellular respiration. In addition, include the molecule that is used to accomplish work in the cell.

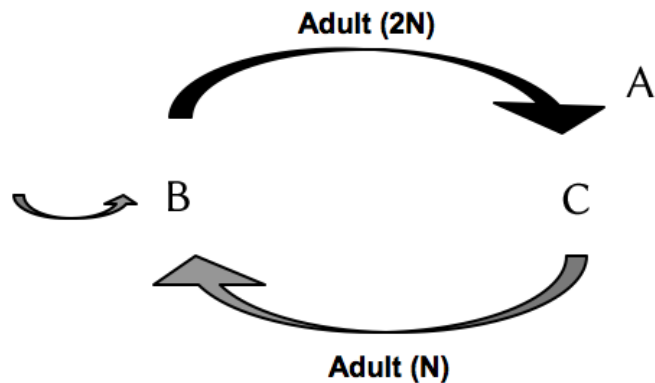

Subtract 1 pt if one prefix number is missing or wrong (e.g., 4 H₂O, 2 pts if more than 1 is wrong.

Subtract 1 pt if one chemical formula is wrong (e.g., C₁₂H₆O₆), 2 pts if one missing more more than 1 wrong. Subtract 1 pt if missing ATP.

Ask me if uncertain.

Use the following figure to fill in the blanks of the next four questions.

2. The process at A is **Meiosis**
3. The process (not the stage) that occurs at B is **Syngamy**
4. The stage at C (that results from A) is called **Spore**
5. Which of the three (A, B or C) does not exist in the animal lifecycle. **C**

Be wise, do good things, have a great summer!
